DISTRICT DAY AT BUFFALO.

Commissioners to Select a Date for Special Exercises.

The Commissioners have received from William J. Buchanan, Director General of the Pan-American Exposition, to be held in Buffalo this year, an invitation to desprogramme as "District of Coli Director Euchanan states that he mittee to make the request, which is simihar to those made of the several States. The letter, which is addressed to Com-

issioner Macfarland, reads; "I am instructed by the Executive Committee of the Exposition to express to you the gratification it would afford the management to be able to designate, as a compliment to your District, some day furing the period of the Exposition which would be known as 'District of Columbia Day.' On that day special exercises would be held and we should endeavor not only to make it a memorable event in the life of the Exposition, but that we might have the pleasure of the attendance

the earliest practicable moment."

Speaking of the matter yesterday, Commissioner Macfarland said that the Commissioner Macfarland said that the Commissioners discussed the matter on Saturday, and had determined that they would ask such susgestions as the people of the Lustrict might have to make in regard to a date for the proposed "District Day at the Buffalo Exposition. He said that the Commissioners thought that before maining the day the views of these who might attend and of others who might have a day to suggest should be obtained. The Beard, therefore, asks for such suggestions, and Mr. Macfarland indicated that it would be best for all concerned if the suggestions to be offered were made in writing and sent to the President of the Board of Commissioners.

Mr. Macfarland said to and his collegues were gratified at receiving the invitation and that it would be and his collegues were gratified at receiving the invitation and that it was the transfer.

rd Assistant Chief Engineer of the Fire Department. Mr. Wagner was ap-pointed on Murch I Acting Third Assistant Chief Engineer, the full promotion not taking effect until July 1, 1931, as provided for in the District Appropriation, bill for the year 1862. Mr. Wagner's quarters will be at chemical engine house No. 1, on D Street, near Twelfth.

Frank Wagner, as he is familiarly chown, has had a long service in the fidence and esteem of almost everyon with whom he has come in contact. He is popular with all, and this promotion was entirely unsought on his part. A story is told that some friend suggested to him when the appropriation bill was passed creating the office that he owed it to himself to go and apply for the position. Wagner said: "No. The Commissioners know my record, and if they think I am the man for it they will appoint me, and if not some one clse will

Union Employes Accuse Traction Company of Discriminating.

At a meeting of the Central Labor Union held last night the secretary was instructed to communicate by letter with the officers of the Washington Traction and Electric Company and protest against the discharge of members of the Amalgamanted Association of Railway Employes of America by the company.

The letter, it is said, will state that the union is aware that the members of the railway employes union are being discriminated against by the management of the company, and that this action will be mate by the union with discrimination against the syndicate lines by members of organized labor. It was also stated that the light for the members of the Street Railway Union will be carried into

180 of its members have been discharged
by the management of the Washington
Traction and Electric Company. The special committee which was appointed at the last meeting to investigate the report concerning the violation of the eight-hour law in work being done at the Treasury building by a local contractor, stated that while it believed the law was violated evidence could not be procured upon which to base a prosecution.

The secretary was also instructed to communicate with the District Commissioners and cher a protest against the working of the chain gang upon the public streets, to the detriment of honest laborers, who are in want of empleyment.

E. W. O'ster, formerly an active member of Columbia Typagraphical Union, No. 183, addressed the meeting on the questions of suffrage and taxation in the District. He also requested the union to make a protest against the proposed \$10-200,000 band issue for the extension of streets. The subjects of Mr. Oyster's remarks was made a special order, and will be considered at the next meeting.

Walter C. Allen, the Electrical Engineer, has forwarded a communication to the Commissioners in which he recomwas marked last night by a banquet given to the troopers by friends in rooms over the Lincoln National Bank, Seventh and D Street northwest. A programme including music, recitations, etc., occupied the evening.

Between 8 and 12 o'clock the rooms tion. Mr. Allen states that in order to erect the three fire alarm boxes in Co-lumbia Heights, which he says it is the intention of his department to establish during the coming fiscal year, it will be necessary to creet five poles. Mr. Allen states that he desires especially to call attention to these poles, because of the states that he desires especially to can attention to these poles, because of the strong opposition on the part of the Columbia Heights Chizens Association to the raising of poles in that subdivision.

Mr. Allen informs the Commissioners that in order to put the boxes in service it is absolutely essenthal that these additional poles should be erected. He states that it is impossible for the department to run the necessary wires for the service underground system is at Fitteenth and L. Streets northwest, and he says it would take more money than will be available on the lat of July to put the wires underground!

For the regions set forth Mr. Allen recommends that poles be erected as follows: One at the nouthwest corner of Eleventh Street and Eacid Chae, one in the public alley on the square bounded by Welling, English Chiversity and Fourteenth Street, one at the southwest corner of Park and Line Streets, and one at the porthwest corner of Park and Line Streets, and one at the northwest corner of Park and Line Streets, and one at the porthwest corner of Park and Line Streets, and one at the northwest corner of Thirteenth and Harvard Streets.

Walter C. Allen, the Electrical Engineer, in reporting upon the commun tion of Mr. Haley, states that in a per that it was intended to operate the searchlight on the bay window projection,
throwing the light westward on East Captiol Street approximately as far as Sevcath Street. It was explained that the
light would be stationary, and would be
pused to attract the attention of people
in the cars and others in the street. It
is intended, also, of Allen said, to place
an advertisement in the cars, calling attention to the light, so that those who
might desire to do so could get off and
patronize Mr. Haley's sola fountain.

The Electrical Engineer informed the
Commissioners that in his opinion it
would not be desirable to have the bright
rays of a searchlight thrown upon the
street in the manner suggested. He
thought it might frighten horses, as well
as annoy the motormen on the cars, even
